Harold Pass

PUBLIC HEALTH INSPECTOR

F.H. Wynne, M.A.P.H.I.,

TECHNICAL ASSISTANT

R.J. Lakin

Urban District Council Offices,
Kilwardby Street,
Ashby-de-la-Zouch.

August, 1971.

To the Chairman and Members of the
Urban District Council of Ashby-de-la-Zouch.

Madam Chairman, Ladies and Gentlemen,

I have the honour to submit for your attention and consideration the report of the Medical Officer of Health for the year 1970, concerning the sanitary circumstances, sanitary administration and vital statistics of the area. So far as possible it follows the lines indicated in Circular 1/71, dated 1st January, 1971, from the Department of Health and Social Security.

I have to thank all the members of your staff with whom I have come in contact for their co-operation at all times, and especially your Public Health Inspector, Mr. F. Wynne, and the other members of the Public Health Department. The members of the Council themselves have invariably shown me every consideration and it is a pleasure to take this opportunity to acknowledge that fact.

Your Obedient Servant,

ANDREW HAMILTON

Medical Officer of Health

Private Residence:

Telephone Number:

"Barony",
15, Neville Drive,
Coalville.

Deaths

<u>M.</u>	<u>F.</u>	<u>Total</u>	
35	35	70	70
			83
Crude death rate per 1,000 population		8.7	11.7
Adjusted death rate per 1,000 population		9.4	11.7
Ratio of local adjusted death rate to national rate		.80	1.00
			.92

The estimated population at the middle of the year shows an increase of 30 on last year's figure.

30 fewer babies were born to Ashby residents than in 1969, and the birth rate of 12.7 was appreciably lower than that for England and Wales (16.0) and for Ashby in 1969 (16.5).

The percentage of illegitimate live births was 9, that for England and Wales was 8, and that for Ashby in 1969 was 5.

Last year there were no stillbirths, this year 3 were registered.

Last year no deaths of infants under one year were registered, this year 2 were registered (one due to congenital abnormality and the other to prematurity - both as a matter of fact occurred in the first week of life). The infantile mortality rate was 20, 18 for England and Wales, whilst for Ashby in 1969 it was nil.

We are dealing with small numbers and one death or birth more or less makes an appreciable difference in the particular rate being calculated.

There were 13 fewer deaths than in 1969 - the death rate for 1970 being 9.4 compared with 11.7 for England and Wales as a whole, and 10.9 for Ashby in 1969.

General Provision of Health Services

No change has taken place in the General Provision of Health Services since my last report, but it is understood that a Health Centre is likely to be built by the County Council within the near future.

Meals on Wheels

17 visits, involving 18 persons, were paid in connection with the above service which has continued to function satisfactorily.

National Assistance Acts, 1948 and 1951.

No formal action has been necessary under the above.

Examination of Employees

Three applicants for employment with your Council were examined with regard to their fitness to join the superannuation scheme, one was examined on behalf of another Authority, and one of your employees was examined with respect to his fitness for employment generally.

Prevalence of, and Control over, Infectious Disease

6 cases of infectious disease were notified with an age and sex distribution as below.

There were 5 cases of measles and one case of infective hepatitis.

No cases of tuberculosis were notified, and there were no deaths from this disease.

ANNUAL REPORT OF THE PUBLIC HEALTH INSPECTOR & HOUSING MANAGER

Council Offices,
Kilwardby Street,
Ashby-de-la-Zouch.

August, 1971.

To the Chairman and Members of the
Ashby-de-la-Zouch Urban District Council.

Madam Chairman, Ladies and Gentlemen,

I have pleasure in presenting to you my Annual Report, a record of the work carried out by the Public Health and Housing Department during 1970.

In presenting this report, I wish to place on record my thanks to all members of the Council for their help and understanding, for the willing help of the staff, and for the help and co-operation given to me by Dr. Hamilton and the other officers of the Council.

F.H. WYNNE

Public Health Inspector
and Housing Manager

Water Supply

Water is distributed in the area by the North West Leicestershire Water Board.

There has been no shortage of water during the year.

The water is not liable to plumbo-solvent action and the fluoride content is approximately 0.3 parts per million.

Particulars of water supply to dwelling houses in the district are as follows:-

Internal mains water supply -

No. of dwelling houses (estimated)	2,909
Population (estimated)	8,011

Mains water from external standpipes -

No. of dwelling houses (estimated)	2
Population (estimated)	4

Well Water Supply -

No. of dwelling houses (estimated)	11
Population (estimated)	25

Five samples of mains water were taken for bacteriological examination. All samples were found to be satisfactory.

Twenty-one samples of well water were taken for bacteriological examination. Twelve samples were found to be satisfactory.

All persons using well water of doubtful quality were warned they must boil the water before it is used for domestic purposes.

Sewerage and Sewage Disposal

No of cesspools constructed during the year	2
" " " abolished " " "	nil

The new Packington Sewage Disposal Works were fully operational at the end of the year.

The sewage works are under the control of the Council's Engineer and Surveyor.

Closet Accommodation

Total number of houses in district on 31st December, 1970.	2,922
---	-------

Number of houses with:-

(a)	Privies	nil
(b)	Pail Closets	4
(c)	Water Closets	2,918

Two pail closets were abolished during the year.

In an attempt to get rid of the few remaining pail closets in the district the Council decided to offer the owners of the remaining houses having pail closets a grant of 50% of the cost of converting to water closets under Section 47 of the Public Health Act, 1936. Unfortunately, only one owner has so far taken advantage of this grant.

Public Cleansing

A weekly refuse collection service was maintained throughout the district except during the Statutory Holidays - a total of six days per year when about 600 householders do not have their refuse collected for 14 days. The refuse collection service has not closed down for annual holidays since 1966.

The number of dustbins collected per week has increased from 625 on the 1st January, to 3,684 on the 31st December.

The bulk of the refuse is collected by a Dennis Paxit 111A continuous loading vehicle with a crew of five loaders and driver. The Helvoke and Drury Lorry is now nine years old and is kept on standby duties and for the collection of refuse and pails in the outlying areas of the Urban District on one day per week.

Trade refuse is collected by arrangement from shops and offices and a charge of £1.00 per year is made for the weekly collection of each bin.

All refuse is disposed of on the tip in Smisby Road which is leased by the Council from the British Transport Commission. Land has been purchased at Lount which will be used jointly as a refuse tip by the Coalville U.D.C., Ashby-de-la-Zouch R.D.C. and Ashby-de-la-Zouch U.D.C. This tip is estimated to have a life of 10 years and should be brought into use in 1971.

Sanitary Inspections of the Area

Total number of complaints received	23
Total number of premises at which defects or nuisances were dealt with	17
Number of visits and re-visits made regarding complaints	91

Fourteen informal notices were served under the Public Health Act, 1936. Sixteen notices were complied with.

Particulars of Inspections made

Number of Inspections

Animal Keeping	10
Bakehouses	14
Dairies	5

Number of site licences issued during the year.

(a) Individual vans	nil
(b) More than 2 vans	nil
Total number of licences issued				5

Verminous Premises

Particulars of action taken:-

Number of dwelling houses found infested..	nil
Number of houses dis-infested	nil

Pet Animals Act, 1951.

There is one licensed pet shop. Two inspections were made during the year.

Rag Flock and other Filling Materials Act, 1951.

There are no premises within the area.

Common Lodging Houses

There are no common lodging houses within the area.

Prevention of Damage by Pests Act, 1949.

A rodent operator is hired from the Ashby-de-la-Zouch Rural District Council for 8 hours per week.

No major infestations of rats have been found in the area for several years.

No charges are made for treating dwelling houses, but a charge on a time and material basis is made for treating business properties.

The following table gives details of work carried out and visits made.

Properties (not including sewers)

1. (a) Total number of Properties (including nearby premises) inspected following notification.

(b) Number infested by:

Rats

Mice

2. (a) Total number of properties inspected for rats and/or mice for reasons other than notification.
